Google Review: 5 STAR

I've always been highly satisfied over the last 4 years I've been coming to Carpenter Dental Group. However, today went above expectations. I took my 3 year old in for his first check up today. The care, detail and love that went into the whole experience went over and beyond what I would have expected. My son was basically treated like a king the entire time. I would highly recommend this dentist to any of my friends.
